A headlamp is a lamp attached to the front of a vehicle to light the road ahead. Headlamps are also often called headlights, but in the most precise usage, headlamp is the term for the device itself and headlight is the term for the beam of light produced and distributed by the device.. Headlamp performance has steadily improved throughout the automobile age, spurred by the great disparity ...

This is the last disgusting death-rattle of a corrupt and outworn system which is a blot on the history of this people. Since the civil war, in which the southern states were conquered, against all historical logic and sound sense, the American people have been in a condition of political and popular decay. In that war, it was not the Southern States, but the American people themselves who ...
