In law, common law (also known as judicial precedent or judge-made law, or case law) is that body of law derived from judicial decisions of courts and similar tribunals. The defining characteristic of "common law" is that it arises as precedent. In cases where the parties disagree on what the law is, a common law court looks to past precedential decisions of relevant courts, and ...

Common law copyright is the legal doctrine which grants copyright protection based on common law of various jurisdictions, rather than through protection of statutory law.. In part, it is based on the contention that copyright is a natural right and creators are therefore entitled to the same protections anyone would be in regard to tangible and real property.
