Really, this is not at all how PDFs are designed or expected to use. PDFs are not made in Acrobat. They are not edited in Acrobat, except as a desperate last resort. You should make PDFs in whatever design program suits you (e.g. Word, InDesign; NOT Photoshop) and save a PDF. For every change remake the PDF.

Tone Words and Definitions Tone is more than merely an author's attitude toward his/her audience and characters; it is the stylistic means by which an author conveys his/her attitude(s) in a work of literature. Tone is an integral part of a work's meaning because it controls the reader's response which is essential to fully experiencing literature.
