Being a guy who writes science fiction, people expect me to be well-informed about the current state of the field—as if I'm a book reviewer who reads everything published in my own approximate area. (This is a little like expecting a bus driver to have an informed opinion on every other form of ...

Narrative exposition is the insertion of important background information within a story; for example, information about the setting, characters' backstories, prior plot events, historical context, etc. In a specifically literary context, exposition appears in the form of expository writing embedded within the narrative. Exposition is one of four rhetorical modes (also known as modes of ...

So I've been steadily writing reviews and other posts for The Geeky Guide to Nearly Everything for over 9 years now and I'm starting to wonder if it's all still worth it. Blogging seems to be a bit of a more archaic web medium with more comment discussions happening on social media or more engagement with more dynamic content like podcasts and videos.
