September of My Years is one of Frank Sinatra's triumphs of the '60s, an album that consolidated his strengths while moving him into new territory, primarily in terms of tone. More than the double-disc set A Man and His Music-- which was released a year after this album -- September of My Years captures how Sinatra was at the time of his 50th birthday.

All young children take great pleasure in moving a crayon or pencil across a surface and leaving a mark. This form of mark making or "scribbling" represents children's first self-initiated encounters with art. Children typically begin scribbling around one-and-a-half years of age. Most observers of child art believe
