The Human Development Report (HDR) is an annual milestone published by the Human Development Report Office of the United Nations Development Programme (UNDP).. As of 2013 the last decade saw convergence in human development indicators (HDI) values globally, although progress was uneven within and between regions. Developing countries' transformation into major economies with growing political ...

The Human Development Index (HDI) is a statistic composite index of life expectancy, education, and per capita income indicators, which are used to rank countries into four tiers of human development. A country scores a higher HDI when the lifespan is higher, the education level is higher, and the GDP per capita is higher. It was developed by Indian Nobel prize winner Amartya Sen and Pakistani ...
