Asian Americans are Americans of Asian descent. The term refers to a panethnic group that includes diverse populations, which have ancestral origins in East Asia, South Asia, or Southeast Asia, as defined by the U.S. Census Bureau. This includes people who indicate their race(s) on the census as "Asian" or reported entries such as "Chinese, Filipino, Indian, Korean, Japanese, Vietnamese ...

Acculturation is the process of social, psychological, and cultural change that stems from blending between cultures. The effects of acculturation can be seen at multiple levels in both the original (native) and newly adopted (host) cultures. Historically speaking, acculturation is a direct change of one's culture through dominance over another's culture through either military or political ...

Highlights Acculturation models as applied to international students are reviewed. The international student literature provides support for some aspects of the models. Acculturation models need to be tested using international student populations. Host society plays an important role in international students' acculturation.

South Asians (from Bangladesh, Bhutan, India, the Maldives, Nepal, Pakistan, and Sri Lanka) make up one quarter of the world's population and are one of the fastest-growing ethnic groups in the United States. Although native South Asians share genetic and cultural risk factors with South Asians abroad, South Asians in the United States can differ in socioeconomic status, education ...
