records to address present-day issues in astrophysics and geophysics. He also has published prolifically on Islamic and Oriental astronomy, sometimes in collaboration with colleagues who at one time or another were his Ph.D. students at either Durham University (in England) or James Cook University (in Townsville, Australia).

mental physics. We then consider ideal fluids; viscous fluids; fluid instabilities and supersonic flows and shocks. Also covered here is the propagation of electromagnetic waves in a plasma. Gravity We start with a brief review of Newtonian gravity and review properties of simple spherical model systems.
