American Teen Sociality in Networked Publics - danah boyd

In public relations and communication science, publics are groups of individual people, and the public (a.k.a. the general public) is the totality of such groupings. This is a different concept to the sociological concept of the Öffentlichkeit or public sphere. The concept of a public has also been defined in political science, psychology, marketing, and advertising.

Public - Wikipedia

The situational theory of publics defines that publics can be identified and classified in the context to which they are aware of the problem and the extent to which they do something about the problem.
