Most lawyers are burned out juggling the unforgiving demands of a busy law practice AND the pesky demands of managing their business. Many of them have been told that technology can automate the tedious stuff they hate doingâ€”so it gets done more quickly, more reliably and less expensively.

Law Firm Automation

There are many aspects of a modern law practice that can be automated. We understand the needs of a growing law firm. Our General Manager holds a Juris Doctor degree, was Law Review Articles Editor, and practiced in a law firm environment for years.

Law Firm Automation - RoadRunner CRM

An AI Law Firm Wants to â€œAutomate the Entire Legal Worldâ€™ ... and trying to make sense out of the bizarre language of law. In fairness to the layman, contract review is also a hustle for ...

An AI Law Firm Wants to â€œAutomate the Entire Legal Worldâ€™

In certain instances itâ€™s true. There are times when automation is either not very useful or even counterproductive. But there are also a lot of repeatable processes involved with practicing law, and these are the things which more law firms should strive to automate.

3 Common Processes That Every Law Firm Should Automate

Automate your law firm. To automate your law firm means to run or operate your systems and processes by using software or technology instead of a human. This is particularly useful for solos since it limits the time we have to spend on administrative tasks.
