The super health of real yoga masters is possible to measure. They should have the ideal automatic breathing pattern (with about 3 small breath per minute at rest or during sleep). This slow and relaxed diaphragmatic breathing pattern provides the human body with superior body oxygenation: about 2-3 minutes for the DIY body-oxygen test (stress-free breath holding time after usual exhalation).

Speaking too fast is often the result of not stopping to breathe often enough. Solution: To slow down your speaking with the breath, consciously take a breath before you begin. Remember to stop and breathe between ideas. The next time you practice a presentation, take time to inhale and exhale deeply five times before you start to speak.

Once it was possible to find copies of original editions of Srila Prabhupada's Srimad-Bhagavatams in second-hand book stores and on internet book websites but now the original editions of Srimad-Bhagavatam have become very difficult to find anywhere. So there is an urgent need to preserve these valuable books for future generations.
