1 1. Introduction Selected concepts central to Gender and Development thinking are explained here. These are intended to help you explore some of the key ideas and issues in Gender

**Gender and Development: Concepts and Definitions**

Gender Equality. The term "Gender Equality"™ narrates the equal valuing of the different roles assumed by men and women. The theme strives to overcome stereotype barriers and prejudices so both men and women are capable of equally reaping benefits and contributing towards social, political, cultural and economic developments within society.

**Example research paper on gender equality**

Gender inequality Gender inequality is not perpetuated exclusively through differential access to and control over material resources. Gender norms and stereotypes reinforce gendered identities and constrain the behaviour of women and men in ways that lead to inequality.
