A dictionary defines sociology as the systematic study of society and social interaction. The word "sociology" is derived from the Latin word socius (companion) and the Greek word logos (speech or reason), which together mean "reasoned speech about companionship". How can the experience of companionship or togetherness be put into words or explained?

Sociological theory vs. social theory. Kenneth Allan proposed the distinction between sociological theory and social theory. In Allan's usage, sociological theory consists of abstract and testable propositions about society. It often heavily relies on the scientific method, which aims for objectivity, and attempts to avoid passing value judgments. In contrast, social theory, according to Allan ...
