Several research studies are undertaken and accomplished year after year. But in most cases very little attention is paid to an important dimension relating to research, namely, that of research methodology. The result is that much of research, particularly in social sciences, contains endless word-spinning and too many quotations.

### **Research Methodology 2nd Edition By C.R. Kothari | Online**

Adoption of appropriate methodology is an essential characteristic of quality research studies irrespective of the discipline with which they are related. The present book provides the basic tenets of methodological research so that researchers may become familiar with the art of using research methods and techniques.
