Monarch Spas Control Panel Manual Classic

In the event that a technician needs to work on your spa or for you to be able to drain it there must be at least 600mm clear working space on the control side of the spa. Cover EX® If you are having a Cover EX fitted to your spa please allow a 460mm gap for this to operate. On the Monarch the Cover EX® operates front to back only.

Prestige Monarch Spa Installation Instructions - Hot Tub Barn

button on the topside control is used, the spa will automatically shut down within 20 minutes of use. After the 20 minutes of use has expired, the jets may be restarted by pressing the Jet 1 button again. Light Button The control panel button designated activates the spa light when pressed. The light has a forty minute time-out.
