Out-of-place artifact (OOPArt) is a term coined by American naturalist and cryptozoologist Ivan T. Sanderson for an object of historical, archaeological, or paleontological interest found in a very unusual or seemingly impossible context that could challenge conventional historical chronology.

Top 10 Ancient Achievements that science can't explain.

QUESTION Hi Jody.....I have a customer that wants his race car headers "helibrazed" on the outside of the flange the way Hooker Headers does it to their upper end race car headers. I already asked my 2 local welding shops with no answer available. Can you please help me find out if this product is available in Canada, and why is it so much better than straight tig welding with steel rod.
